SCORE

Second Chance Online Resource for Education

The SCORE Program...

WCPSS, in partnership with Sigma utilizing our Computer Lab, is committed to reducing long-term suspensions and maintaining student learning via the Second Chance Resource for Online Education (SCORE) Program.

The program is available for long-term suspended middle and high school students to continue their education in an online learning environment, to engage students and make sure that they move forward, even when they are separated from their schools.

All interested participants and families of SCORE must complete the Sigma SCORE orientation and enrollment process prior to attending the Program.

See your Transitional Counselor for more information today!

The SCORE Program is available:

Monday—Friday, according to WCPSS Calendar

8:15 am—3:00 pm at our Raleigh Office.
