- SCORE Program
- DWI Program
- SAIOF
- Individual and Group Therapy

## *We've Been Approved*

Over the course of the year 2012, we've been patiently waiting for approval of our new programs including DWI and SCORE. Sigma Health Services is proud to announce our recent approval of both programs we applied for. In August we began reaching out to various resources including attorneys/lawyers, WCPSS, and the DMV to work with individuals needing such services. We're currently kicking the programs off the ground. For more information regarding services please contact our human resources department or (919) 848-9108.
